Lost in the vastness of space, the craftworlds float in utter isolation like scattered jewels upon a pall of velvet. Distant from the warmth of sun or planet, their domes gaze into the darkness of empty space. Within them live the survivors of a civilisation abandoned long ago amidst terrifying destruction. These are the Aeldari, a race that is all but extinct, the last remnants of a people whose mere dreams once overturned worlds and quenched suns.

Codex: Craftworlds contains a wealth of background and rules - the definitive book for Craftworld Aeldari collectors. Within, you'll find:

- Organisation of Craftworld warhosts, along with the strategic disposition of Aeldari Craftworlds - this includes a breakdown of the colours, symbols and iconography of the worlds that remain, and the structure of their armies;
