Few things, in life, are more relaxing or enjoyable than watching a living aquarium filled with beautifully colored reef fish and corals. They can be a focal point in a room or a subtle treasure only you see. With a good plan, the right equipment and the right knowledge, you can build a successful, thriving new reef aquarium.

The book will help you make important decisions like:

- * What type of tank is right for you?
- * What size should you buy?
- * What equipment is necessary and what equipment is optional?
- * What kind of testing is necessary and what science do you need to know?
- * What are the best corals and fish to start with?
- * How do you set up a tank?
- * What can you expect to happen once you do?

Whether you already set up your new saltwater aquarium or are still deciding what to do, this book can help you be confident that you have the knowledge to create a thriving new saltwater aquarium.
