America is now being led by a ship of fools who are not even aware that their ship is sinking. The American elites, a small group of people who hold an unbelievable amount of power and wealth, thrive on their abundance while the rest of America wither. They are the globalists who pursue their profits behind the pretense of forwarding identity politics. Tucker Carlson believes that there is now no meaningful difference between the left and right politicians. It is just a matter of "who benefits from the status quo, and those who don't."

Ship of Fools is an Amazon #1 bestseller from the anchor of Fox News Channel's Tucker Carlson Tonight.
