The Devil's Dictionary is a satirical reference book written by Ambrose Bierce. The book offers reinterpretations of terms in the English language, lampooning cant and political doublespeak. It was originally published in 1906 as *The Cynic's Word Book* before being retitled in 1911.

The origins of the Devil's Dictionary can be traced to when Ambrose Bierce was a columnist in the San Francisco-based *News Letter*, a small weekly financial magazine which had been founded by Frederick Marriott in the late 1850s. The *News Letter*, although a serious magazine aimed at businessmen, contained a page set aside for informal satirical content, entitled *The Town Crier*. Bierce was hired as this page's editor in December 1868, writing with satire, irreverence and a lack of inhibition, thus becoming known as the 'laughing devil' of San Francisco. (Wikipedia)
