Combined with his personal experience with the Nazis, living through the war as an international correspondent, *The Rise and Fall of the Third Reich* not only earned Shirer a National Book Award but is recognized as one of the most important and authoritative books about the Third Reich and Nazi Germany ever written. The diaries of propaganda minister Joseph Goebbels as well as evidence and other testimony gained at the Nuremberg Trials could not have found more artful hands.

Shirer gives a clear, detailed and well-documented account of how it was that Adolf Hitler almost succeeded in conquering the world. With millions of copies in print, *The Rise and Fall of the Third Reich* has become one of the most authoritative books on one of mankind's darkest hours. Shirer focuses on 1933 to 1945 in clear detail. Here is a worldwide bestseller that also tells the true story of the Holocaust, often in the words of the men who helped plan and conduct it. It is a classic by any measure.

The book has been translated into twelve languages and was adapted as a television miniseries, broadcast by ABC in 1968. This first ever e-book edition is published on the 50th anniversary of this iconic work.
